

CHANGE NOTICE RE: CLIENT PARKING – Canada Place Parkade

The client parking validation system that we have had in place for the Canada Place parkade is no longer available to us, due to the adoption of an EPark parking system installation (similar to all street parking in the downtown core).

Unfortunately at present, the only alternative we may offer is that you call our reception (approximately 2 hours) prior to your appointment, to confirm your attendance and provide us with your licence plate number. This will allow us time to “book” the parking for you.

We shall keep you advised of any updates to these arrangements. If you have questions in this regard, please contact our receptionist at 780.424.3000.

Kingston Ross Pasnak ^{LLP}
